

Travel Information

By Car

From M27 junction 2, take A326 for Fawley / Marchwood / Hythe. After 5 miles, take left exit signposted Hythe at roundabout into Main Road and continue into Southampton Road, passing a Shell filling station on your left-hand side.

Take third left into Mousehole Lane (a short road) and at the end go left into South Street. At the junction by 'Beyond the Fringe' take the right turn (continuation of South Street) and then at the end, go right into Shore Road.

After half-a-mile, Hythe Marine Park is on your left (just before the 40-mile limit) and report to the security office by the barriers.

By Train

The nearest main railway station is Southampton Central. This is approximately 11 miles from Hythe village. Taxis are available from the station.

There are regular buses from outside the train station that come into Hythe, with the main bus stopping by the Hythe Ferry Terminal. Blue Star runs these. The 9 runs most often and takes approximately 30 minutes. The 8 takes approximately 1 hour. However, please check the current timetable - for timetables and further information, their website is www.bluestarbus.co.uk

Totton station is approximately 7 miles away. This is not, however, a main station so trains are limited. The Blue Star bus 8 also stops here.

By Air

The nearest airport is Southampton Airport. This is approximately 15.3 miles from Hythe village. Taxis are available. Southampton Parkway Station is immediately outside the Airport terminal and trains run to Southampton Central on a regular basis.
